

The Parable of the Wheat and the Tares Activity Page 2

A little math can help you to finish these sentences!

In the parable, a farmer sowed good (7×11) in his ($35 + 3 + 2$).

When everyone was ($15 - 6$) an ($34 \div 2$) crept in and planted ($17 + 14$) with the ($154 \div 2$).

The ($40 - 9$) grew up with the ($27 + 50$).

The farmer did not want to lose any of the ($100 - 23$), so he let (25×4) grow together.

At ($60 \div 5$) time, the farmer will sort the ($22 + 13 + 42$) from the ($93 \div 3$).

In real life, God made everything in the ($100 - 1$), and it was ($52 - 49$).

(17×3) decided to fight against God, as his ($7 + 6 + 4$).

($45 + 6$) crept into the (33×3) and began to plant ($5 + 15 + 2 + 3$) ideas.

The ($75 \div 3$) try to stop us from growing what is ($29 - 6$) in our life.

At the end of the ($62 + 37$), God will sort the ($1 + 1 + 1$) from the (5×5).

Key:

25 = bad 17 = enemy 100 = everything 40 = field
3 = good 12 = harvest 51 = Satan 9 = sleeping
31 = tares 77 = wheat 99 = world
