

The Parable of the Laborers and the Vineyard Activity Page 1

In this parable about the laborers in the vineyard, we learn that sometimes God treats people differently from each other. Not everyone has the same life, but we all can have the same reward! Starting at the arrow, color the grapes with abcs one color and those with numbers another color. Begin at the arrow, and follow in the direction it points. Copy the letters as they appear into the blanks below. They spell out what Jesus said about how the Kingdom of God is different from the world! (The first letter will be used twice!)
