

The Parable of the Ten Virgins Activity Page 1

The young women in the parable were all waiting in the night for the bridegroom to come, so that they could go to the wedding feast. What did they have in their hands as they waited for the bridegroom to come, so that they could be ready to light the way as they walked, and so they could enjoy the feast? Connect the dots to find out.

Show that yours is ready for the bridegroom to come! Draw oil to fill it, and a flame to light it. Now draw yourself, holding the lamp high for everyone to see!
